## **BMP 201: SWPPP Administrator Training Course**

This two day class is designed for individuals working in or with the construction industry that are required to manage storm water during construction activities. This class is designed to prepare students to become SWPPP Administrators.

This class offers students the opportunity to learn about City of Kalispell and Montana DEQ's storm water program and permitting requirements, learn about storm water pollution prevention plans and the process and procedures for implementing, reviewing, and revising a SWPPP, further develop a working knowledge of Best Management Practices, and how to properly conduct and document routine inspections.

Day one of the class is in the classroom. Day two includes a field trip to a construction project to evaluate a SWPPP by completing a routine inspection. The training class will conclude with a written exam. There is a three year certification for students successfully completing the course. Information provided includes a training manual and a DEQ BMP Field Guide.

The class is hosted by **City of Kalispell** with the training being provided by a **DEQ** compliance inspector and an instructor from **Altitude Training Associates**.

## **Goals of the Class**

- **Learn about City of Kalispell MS4 permitting program**
- Learn about MT DEQ's storm water program and regulatory inspections
- **Learn the components of a Storm Water Pollution Prevention Plan**
- Learn how to implement, review, and revise a Storm Water Pollution Prevention Plan
- **Learn how to properly select, install, maintain, and determine adequacy of Best Management Practices**
- Learn how to properly conduct and document routine inspections

## **PREREQUISITE:**

Successful completion of the training course BMP 101: Storm Water Management during Construction or an equivalent course. Please attach a copy showing the student's successful completion of BMP 101 with the completed registration form or the date of an upcoming training which will have been completed prior to BMP 201.
